

Resolution Supporting Medical Freedom Right

WHEREAS, the right to medical freedom is a fundamental constitutional right and a cornerstone of our republic, enshrined in the United States Constitution; and,

WHEREAS, Alaskans recognize the importance of safeguarding citizens' constitutional rights and freedoms, including medical freedom, from infringement by public officials; and,

WHEREAS, Alaskans are dedicated to advocating for clear and fair policies that protect fundamental rights while ensuring public safety; and,

WHEREAS, it is vital to thoroughly evaluate any proposed laws or regulations that may limit medical freedom or restrict individual rights and liberties under the pretense of emergency or public safety measures;

NOW THEREFORE, BE IT RESOLVED, that Alaskans are firmly committed to advocating for and safeguarding individual medical freedom, upholding constitutional liberties, and creating policies and regulations that protect fundamental rights, thereby creating a win-win situation for both individual rights and public safety.

BE IT FURTHER RESOLVED, that Alaskans strongly urge thorough vetting of any proposed legislation through in-depth legal analysis, ensuring that proposed bills do not infringe upon individuals' medical freedom or hastily limit constitutional rights and liberties.

IN CONCLUSION, Alaskans dedicated to promoting clear policies that defend and preserve fundamental rights, including medical freedom, while ensuring public safety and will continue to advocate for the rights and liberties of all citizens, safeguarding their constitutional rights, and ensure that any proposed legislation aligns with the constitutional tenets on which this great nation was founded.
